# CANALICCHIO DI SOPRA

Brunello is often compared with the Pinot Noir wines of Burgundy with its smooth tannins and ripe, fruit driven character. The wines are available to be consumed soon after release but generally hit their prime six to eight years after harvest. The wines have good aging ability with some producers regularly making wines that still improve within the bottle for more than 20 years. The high acidity of the wine allows it to pair well with food, especially grilled meat and Game.

**BRUNELLO DI MONTALCINO, Canalicchio Di Sopra**

1981 \$350

## Italian Reds
